**How to Use the StrikeZone Watchlist**

Our next trade will come from this list.

I believe that all of these stocks have a chance of entering the Strike Zone and rising by at least 100% in the next 60 days. But only one or two of them will become an actual Strike Zone Track Record Trade. You might find that you want to trade some or all of these, based on your own analysis and study. I'll alert you when one of these watchlist stocks becomes an official Track Record Trade.
